QUESTIONS FOR ORAL ANSWERS

07/2021 Would the Honourable Minister for Public Works and Transport explain to this august Assembly as to what happened to the other 150 kilometres that was promised to the regions in the gravelling and blading programme.

(The Hon. Enos Magongo)

15/2021 Could the Hon. Minister for Natural Resources and Energy inform the Honourable House why he is not giving his full attention to the ESwatini Electricity Company's continued unpatriotic and economy sequestration legacy of exporting all the country's resources by giving South African suppliers large tendered work, including, locally available electric poles, whilst reserving the menial electric installation jobs for local companies? Why should the legacy started by the recently relinquished dubious leadership and management be allowed to continue?
