PRIVATE MEMBERS' MOTIONS

03/2023 To move that the Honourable Minister for Finance, in consultation with the Honourable Minister for Commerce, Industry and Trade, should consider transferring all Factory Shells to the Eswatini Investment Promotion Authority (EIPA) for the following reasons, inter alia:

- (1) Government have built up a healthy stock of shells which are currently operated and maintained by EIPA i.e., rent collection, servicing and personnel etc. even though their ownership remains with the Ministry of Finance;
- (2) Currently, they cannot sue rental defaulters or even get judgement against those owing them because they lack ownership of the Factory Shells;
- (3) EIPA will be self-funding and will have the financial muscle through this stock of Factory Shells and would be able to borrow funds from financial institutions, internally or externally, at concessional rates to further develop new factory shells and rehabilitate the existing ones without government subvention;
- (4) Investment promotion agencies in the Southern Africa Region (Mpumalanga Economic Growth Agency) own factories and properties in their own name and allowing EIPA to own assets places them at par with the counterparts and ensure they can compete in the chase to secure investors.

The Honourable Minister for Finance should appraise the House on progress that would have been made within twenty one (21) days of passing of this motion.

Mover : (The Hon. Sandla K. Fakudze)

Seconder : (The Hon. Lutfo E. Dlamini)

04/2023 To move that the Honourable Minister for Health should, within seven (7) days of passing of this motion, submit a report to this august House narrating the measures the Ministry has or will put in place to resolve the health crisis facing the country, paying particular attention to the following:

- (1) shortage of human resources and equipment in public clinics and hospitals;
- (2) shortage of medical supplies in public clinics and hospitals;
- (3) shortage of linen and bedding in public hospitals;
- (4) shortage of transport and fuel; and
- (5) the creation of a contingency reserve of medical supplies of strategic importance.

Mover : (The Hon. Mduduzi Matsebula)
