QUESTION FOR ORAL ANSWER

21/2025 Given the high rate of unemployment among Government sponsored graduates, does the Minister of Labour and Social Security plan to sponsor these individuals to further study Honours, Masters and PHDs? Many are currently unable to pursue higher education due to existing Government loan repayment obligations. If there are no such plans, what are the obstacles preventing the Ministry from implementing such initiatives, especially considering that advanced qualifications could significantly enhance their employment prospects both locally and internationally?

(The Hon. Petros Siabandze)

PRIVATE MEMBERS' MOTIONS

16/2025 To move that the Hon. Minister of Finance appraise the Honourable House on the challenges that makes the Ministry fail to deliver services to the citizens as he promised in his budget speech. Does the Hon. Minister remember his words, "In line with the National Development Agenda, this budget will address social challenges, build infrastructure and provide for Economic Growth. To attain this growth, we will be prioritizing the completion of existing capital projects, and spending in excess of E1 billion more on capital infrastructure, compared to the current years actual spend. Major projects to be completed include the International Conference Centre (ICC), the Manzini-Mpadze Highway, the Mpandze-Mbandlane Highway" to mention a few. What is failing the Hon. Minister to pay contractors on time so as to see projects finishing in time? Could the Minister appraise the Honourable House on what is the cause of the poor if not zero service delivery in the country, he should explain why Ministries are struggling to get cash to finance their programs especially capital projects. The Hon. Minister is asked to table a report on this issues within 14 days after the adoption of the motion by the House.
