Ladies and Gentlemen

INTRODUCTION

It is a great pleasure for me this morning, to make a few remarks as we launch the Strategic Plan of the Parliament of the Kingdom of Eswatini for the year 2022 to 2026 together with the Website.

YOUR EXCELLENCY, DISTINGUISHED LADIES AND GENTLEMEN:

The Strategic Plan, whose launch we are here to witness, defines the direction that the Parliament of the Kingdom of Eswatini will take in the next five years, and it is indeed gratifying to note that many stakeholders were involved in its development.

This for us is a Roadmap which shows how the Parliamentary Service Board; Management, including Development Partners are committed in ensuring that service delivery of the Parliament of the Kingdom of Eswatini is effective and efficient for the betterment of the people of Eswatini. This will be achieved through the Representation, Legislation and Oversight roles as mandated by our Constitution.

This Plan is aligned with the National Development Strategy (NDS)-The Post COVID 19 Economy Recovery Plan and the Kingdom of Eswatini Strategic Road-Map, to ensure that Parliament is in-phase with Executive efforts to expedite the delivery of expectations of the Electorate.

DISTINGUISHED LADIES AND GENTLEMEN:

As I conclude, I note with satisfaction that the mechanisms necessary to monitor the implementation of this Strategic Plan will be effective. May I also wish to thank the Parliamentary Service Board, Management of the Parliamentary Service and staff, Development Partners and Stakeholders for a job well done.

JOHN NAISBITT ONCE SAID, “Strategic Planning is worthless-unless there is first a Strategic Vision”.

I THANK YOU ALL. INKHOSI INIBUSISE !!
